Looking for that extra touch?

Castle Line has always been about creating furniture with a story.

What started in 1976 with woven baskets grew into a passion for design, quality and timeless creativity. Over the years, our collections have found their way into homes and projects around the world, always with that Castle Line touch.

Our outdoor range is no exception. Inspired by nature and designed for life outside, these pieces bring comfort, elegance and durability together. Whether it’s a sunny terrace, a cozy garden or a hospitality setting, Castle Line furniture turns every outdoor space into a place to enjoy and connect.

Just as in our early days, our goal remains the same: to inspire with original collections that make a lasting impression.

Meet the designer

Cas Moor

Cas Moor knew he wanted to become an inventor from an early age. His curiosity about the way products come together led him to the field of design. His unique perspective on practical design is fuelled by his knowledge of materials and production.

With his strong education and distinctive design philosophy, Cas has established himself as an independent designer. He collaborates with companies globally and brings a personal touch as well as intersectoral expertise to each project. His design process is based on the firm belief that it is not just about creating a product. It's about the materials, the making of and understanding the end users. The details make all the difference. For Cas, the material and craftsmanship serve the form and tell a story in doing so. This results in products that are truly meaningful.

"The true measure of a design's success is its ability to remain impactful even when distilled to its purest form."
